Retiree Renewal Clarification

The legislation has established a 5-year window, immediately following the retirement date, during which a teacher is not required to obtain CEUs, regardless of when the teacher's license actually expires. The 5-year window begins at retirement. If a teacher otherwise licensed at retirement applies for a renewal of a license during the five-year window, the department will issue a "new" or renewed license notwithstanding the absence of CEU's during the five-year-period. Specifically, the law provides as follows:

NC General Statute 115C-296(b) states the following.

The last license renewal received prior to retirement shall remain in effect for five years after retirement.

Another way to look at this is as follows:

Retirement date + five years = The window of time during which a retired educator may apply for and be issued a license without a requirement to have CEUs

EXAMPLE:

5-year license cycle is 7/1/2011- 6/30/2016

Retirement date is 7/1/2013

Eligible for renewal without CEUs from 7/1/2013 to 6/30/2018 (Window of Time)

Any renewals for this individual after 6/30/2018, will require CEUs.

Changes to Renewal Credits

SB 402, Section 9.3(f) states, “For teachers who are in their fourth or fifth year of their current five-year license renewal cycle, the changes required by G.S. 115C-296(b)(1)b., as enacted by subsections (b) and (c) of this section, shall apply beginning with the first year of their next five-year license renewal cycle.”
